Further discussion included interest income and the financing of the property on Main Street, sales tax adjustment for over-estimation, miscellaneous expense, and other related issues.

Mr. Broz gave a brief report on the retail shopping convention in Las Vegas, attended by both he and President Beasley. Mr. Broz stated that they learned exactly which information should be gathered and prepared for future retailers interested in the City. V. REGULAR AGENDA

A. Regular Session

1. LCDC Corporation Action (ID # 1686)

Consider Action on "LCDC Project Funding Options".

COMMENTS - Current Meeting:

Board Member Van Etta stated that he would like to know the Board's consideration of a proposed project before being approached by someone requesting LCDC assistance. Discussion included full and partial grants, low-interest or no-interest loans, not assuming the entire expense of a project, having equity on both sides, property purchase, main street rehabilitation, airport, precedence for future board actions, and other related issues.

Also discussed was construction of the Fire Department Substation on Hwy. 90. Mr. Gunter explained that this project is a proper expenditure for a Type B Corporation as it is tied to the creation and/or retention of jobs, and that a public safety facility is also a proper expenditure. Mr. Gunter further explained different categories of projects whereby the public benefits and businesses benefit, including restrictions placed on the loans and/or grants.

RESULT:	NO ACTION TAKEN
----------------	------------------------

2. LCDC Corporation Action (ID # 1687)

Consider Action on LCDC Budget and Financial Opportunities.

COMMENTS - Current Meeting:

General Manager Gary Broz reviewed the LCDC budget and proposed projects with anticipated costs. Mr. Broz stated that construction of the Texas Street extension is approximately \$6-6.5 million. Mr. Broz stated that his concern was coverage, and upon review of the budget relative

to past history and future proposed projects for FY 10/11, the coverage ratio is 4.16. If funds are expended to cover these projects, LCDC would be left with a coverage ratio of 1.83 which would be easily sustainable, while maintaining a healthy fund balance.

Also discussed was the \$83,500 cost of issuance and the debt schedule for the \$6-\$6.5 million for the street extension, engineering survey, land acquisition, drainage issues, airport project, and other related issues.

3. LCDC Corporation Action 2010-8

Consider Action on Acquisition and Demolition of Mercy Hospital, 521 Travis Street, as Part of a Joint Effort of Taxing Authorities to Address Dangerous Condition of Building Pursuant to General Direction Received at Joint Meeting of Taxing Authorities Held Thursday, May 6, 2010, at City Hall and Authorize the General Manager to Negotiate Acquisition of Building from Taxing Authorities and Begin Demolition Upon Execution of Appropriate Agreements.

COMMENTS - Current Meeting:

City Attorney Randy Gunter reported that although this property had been to a tax sale does not prohibit title insurance, if the Corporation is willing to provide a General Warranty Deed. The title company will provide insurance provided there are no other title defects, and none have been discovered.

Mr. Broz reported the total cost is \$113,500 which includes the demolition and cost for a 3rd party air monitor. This structure will be demolished in place, requiring no abatement. Lengthy discussion included various options for dividing the cost of this project between the City, School, County, and LCDC, whether or not this is a worthy project, getting the property back onto the tax roll, environmental issues, and other related issues.

Motion was made to prepare a proposal that LCDC fund 50% of the demolition cost, LISD and Liberty County each funding 25% of the remaining 50%, with LCDC having first option to purchase.

RESULT: APPROVED [5 TO 2]
