Bid on Trinity River Area Properties

The amount of ~~$2,300~~ $5,000 is offered this date, March 2, 2015, as settlement of outstanding ad valorem taxes and title of ownership on the properties in Liberty, Texas, Liberty County listed in Appendix A. No taxes have been paid on these landlocked parcels for at minimum 15 years with $32,917.25 in back advalorem taxes, primarily penalties, due at time of foreclosure. All subject properties have been posted and legally foreclosed and auctioned for sale more than 90 days ago in Liberty County.

No bids were received in the foreclosure proceedings months ago by the Liberty County Taxing authorities for purchase of any of the parcels and no offers for purchase have been submitted in the interim prior to this offer according to Fielder, Gunter & Davis, Attorneys at Law on behalf of the Liberty County taxing authorities.

At this time, I, Frank Jordan, own all of the contiguous tracts to the land locked properties except for certain unimproved street right-of-ways owned by the City of Liberty that almost certainly will not be built because the street right-of-ways now go only into the Trinity River with no commercial or residential construction abutting the right of ways and are anticipated to be abandoned after a request by this applicant due to unfeasible future street development.

During the previous 2 ½ years, I have expended significant funds in having a Title Search performed by Tarver Abstract on the subject properties, surveying of the referenced parcels to have present defined parcel boundaries, especially on the Trinity River sides, and provided extensive information on the properties at no charge to attorney's involved in seeking on behalf of the Liberty County taxing entities past due taxes on the properties.

No responsible persons for past due taxes were found during this extensive attorney coordinated search over the period of about a year and no responses were made by any involved persons concerning back due taxes. In fact, Tarver Abstract determined there was apparent, but uncharged, fraudulent conveyance from the Bankruptcy Court relative to those involved in the filing of the Eagle Production bankruptcy.

These illegal actions are reflected in inappropriate transfers of some of the properties by the bankrupt entity after the filing of the bankruptcy and transfer to the appointed Bankruptcy receiver, George Roland, of the parcels on April 11, 1985 with no further legal transfers out of bankruptcy by a Trustees Deed from the receiver, George Roland. Tarver in the Title Policy stated:

"It would appear that due to the fact that there was not a Trustees Deed recorded in Liberty County foreclosing the Deed of Trust to W.R. Griffith recorded in Volume 287, Page 907 of the Deed of Trust Records and further that their was an order setting aside the Lift of Stay filed to the Bankruptcy Court [bankruptcy of Eagle Production & Drilling Services, Inc.] *the title to the Estate of W.R. Mayner, Janice Ellis and John Robert Mayner are invalid."*

Even though the title for ownership of subject properties are invalid for W.R. Mayner, Janice Ellis and John Robert Mayner, the properties the subject of this offer remained in their names in error, but have now been foreclosed by Liberty County taxing authorities. If this offer of purchase is accepted, the ownership errors will be corrected to current ownership in the name of "Frank M. and Connie Jordan" with ad valorem taxes from point of this purchase forward paid on a current basis. Any issues on the prior ownership of the subject tracts, also on acceptance and transfer are the responsibility of Frank Jordan, although none are anticipated.

City Council
Agenda Item Form

Council Meeting Date: June 9, 2015

Agenda Item No.

Agenda Wording: Consider a variance to Section 3.08.034 (g) Grandfathered and subsequent individual sections for the Twin Oaks Manufactured Home Park, and take any action deemed necessary.

Department: Public Works

Subject: Variances for the Twin Oaks Subdivision.

Background: Background: In May 1972, Twin Oaks, a Mobile Home Subdivision, was submitted to the City for acceptance. The subdivision was accepted by the Planning and Zoning Commission on June 26, 1972. The Subdivision consists of thirty-nine (39) parcels and two reserved parcels for a total area of 9.411 acres.

When this subdivision was accepted by the City, there were no mobile home subdivision regulations establishing minimum lot size, minimum street frontage, setbacks, the minimum distance between homes, skirting requirements, and etcetera. The first mobile home/manufactured home ordinance was approved by City Council on January 25, 1977. This ordinance has been modified eight times with the last modification occurring on January 12, 2010. In the 2010 ordinance Section (3.08.034 (g)) was included to grandfather existing manufactured home subdivisions. The Section states:

Grandfathered. Existing manufactured homes on individual lots and in manufactured home parks are grandfathered, except that whenever a manufactured home is removed, prior to placing another manufactured home on the lot, the setback, spacing, off-street parking, skirting and other requirements of this division shall be required. Upon change of ownership of a grandfathered manufactured home park, all manufactured homes in the park must be spaced no less than fifteen feet (15.0') apart and be skirted within a period of two (2) years.

The Inspections Department received a permit application in May 2015, for the installation of a manufactured home on a lot within the Twin Oaks Subdivision. The permit was denied since the lot did not meet the minimum requirements in regards to minimum lot size, minimum street frontage, setbacks and minimum distance between

Attachment: Agenda Item Form-Twin Oaks Subdivision (3278 : Variance - Twin Oaks)

homes. This particular home was relocated to a lot that better met the minimum requirements.

During a review of the Twin Oaks Subdivision it became apparent that one or more of the requirements of the Grandfather Section could not be met on sixteen (16) of the thirty-nine (39) lots. All of these sixteen lots had less than the required minimum fifty (50) foot street frontage/lot width and minimum lot size. The owners of Twin Oaks, Mr. Thomas Daniel and Mr. Frank Daniel are requesting variances to the manufactured home ordinance for all the lots not meeting current requirements.

The deed restrictions for the subdivision required a front setback of twenty-five (25) feet and side setbacks of five (5). Although there is no mention of a rear side back dimension in the deed restrictions.

This matter was brought before the Planning and Zoning Commission for their consideration on June 3, 2015. The Planning and Zoning Commission approved variances to the lot width, minimum lots size, setbacks and distance between homes for Lots 13 through 16 and Lot 24. These five lots range in width from 43.82 to 48.82 feet. The setbacks approved are front - 25 feet and side/ rear – 5 feet. These setbacks are currently required by the subdivision deed restrictions. The Planning and Zoning Commission also denied variances for Lots 1 through 4, 6 and Lots 25 through 30. The denial of the variances for these lots was to allow the owners an opportunity to determine if re-platting the lots would be a better alternative.

Staff Recommendation: City Council approve variances for Lots 13 through 16 and Lot 24 and deny variances for Lots 1 through 4, 6 and Lots 25 through 30 of the Twin Oaks Subdivision.

Fiscal Impact: NA

Staff Recommendation: Staff concurs with the action taken by the Planning and Zoning Commission.

Purpose: Allow the placement of manufacture homes within the subdivision.
